

## CHANGING LANDSCAPES CHANGING LIVES

**The Delaware Center for Horticulture** is in a campaign to renovate and expand our headquarters, a collection of historic structures merged into a single building on 1.3 acres in Wilmington's Trolley Square neighborhood.

There are numerous ways to contribute. One-time gifts and multi-year pledges fulfilled over three to five years, and legacy gifts are welcome. Gifts of appreciated assets or insurance policies, may provide favorable tax advantages as well.

**A permanent display will thank donors** who contribute \$1,000 or more. For exceptionally generous commitments, space dedications and naming opportunities with prominent signage are available.

Naming opportunities start at \$1,000 for furniture, fixtures and key equipment; \$5,000 for community and working spaces; and \$50,000 for major greening features like the vegetated roofs, cistern and more.

Please consider how your contribution will benefit your community for years to come, and give generously. With your help, we can achieve our \$3.5 million campaign goal.

CAPITAL CAMPAIGN PROGRESS AS OF JANUARY 2014

**\$1,980,000**

# THANK YOU
