## **EVENT ADVISORY**

**WHAT: DCH's Winter Lecture Series with Brie Arthur**

**WHERE: Delaware Center for Horticulture (DCH)**  
1810 North Dupont Street, Wilmington 19806

**WHEN: Thursday, February 8**  
**7-8 p.m.**

**WHY:** Join DCH for our annual 4-part Winter Lecture Series featuring leading minds and pioneers in various fields of horticulture to explore connections between people and plants.

**Winter Lecture Series #2: [Brie Arthur: The Foodscape Revolution](#)**

Brie Arthur, author and horticulturist, has fine-tuned her signature design technique of *Foodscaping*, a sustainable landscape practice that embraces beauty and utility. Encouraging everyone to "think outside of the box," learn how pairing edibles in a traditional ornamental landscape increases bio-diversity and adds purpose to everyday spaces. She features the best edible and ornamental planting combinations to inspire you to create purposeful landscapes that engage people of all ages. Arthur will highlight scenes from her next book, *Gardening with Grains* (January 2019) and show how beautiful, ecologically sustainable and easy it is to grow your own carbohydrates! Books will be available for purchase and signing.

Special thanks to the Garden Club of Wilmington, Delaware Grounds Management Association, and Gateway Garden Center for sponsoring our speakers and to Whole Foods Market for providing this year's refreshments. Individual lecture pricing: Members \$20; Non-members \$30. For more information, contact [Mackenzie Knight-Fochs](#) at (302) 658-6262, ext. 117.
