

FOR IMMEDIATE RELEASE:
March 15, 2020

ADVISORY

Like you, we are closely monitoring the rapidly-developing information about Coronavirus (COVID-19). As a facility accessed by the public, the health and safety of our community is a priority. Given the recent declarations of state and national emergencies and to do our part in minimizing the impacts, **DCH's facility will be closed to visitors and guests for the two-week period of Sunday, March 15, through Sunday, March 29. We are also canceling or postponing all scheduled DCH programs, events, and gatherings through April 15, including our Annual Meeting.** Please check our website's home page, our calendar of events, and DCH social media for the latest information on cancellations and rescheduled dates.

During this two-week period, we will take additional precautionary measures, such as thorough cleanings of our facility, and will proceed with an already scheduled renovation of our entrance courtyard. We will also communicate with event/program registrants directly. As always, if you have any questions or concerns, please call (302) 658-6262, and you will receive a response from one of our staff.

Thank you for your understanding, and please take the necessary and recommended precautions to stay healthy and safe.
